PROFESSIONAL PROFILE

Lighting Technician with experience across feature films, TV series, commercials and music videos. Skilled in supporting the Gaffer and coordinating the electric crew during all stages of production. Strong technical background in traditional and LED lighting setups, HMI, tungsten and RGB fixtures, power distribution and DMX/CRMX systems. Experienced in on-set problem solving, night shoots, exterior setups and fast-paced productions. Reliable, safety-focused and used to working closely with DoP, Gaffer and production teams to deliver consistent and efficient lighting solutions.

TECHNICAL SKILLS

- Crew coordination and support to the Gaffer
- Installation and maintenance of lighting setups (interiors & exteriors)
- Blackout, Luminair and CRMX systems (Cerise, LumenRadio)
- Power distribution, DMX management and troubleshooting
- Extensive knowledge of HMI, LED, tungsten, fluorescent and RGB fixtures
- Light rigging and CEI safety procedures
- Experience on complex setups, night shoots and large-scale productions
- Personal equipment: iPad with Blackout + Cerise CRMX 2U for wireless DMX/CRMX control
